Commissioner for Patents

Regarding the Remand from the Board of Appeals: An advisory action was mailed 2/11/04; however, that action was not scanned into the IFW file. When the application was originally sent to the Board, a copy of the Advisory action dated 2/11/04 was not in the IFW file. In response to the Remand, the attorney of record was contacted and supplied a faxed copy of the advisory action of 2/11/04. This faxed copy has been scanned into the file and is now a part of the IFW file. The English translation of the cited document was also not scanned into the IFW file, but has since been entered. The file is now complete and is ready for review by the Board of Appeals.
